FINANCIAL REPORT - 30 JUNE 2020

DIRECTORS' REPORT

Villaggio Italiano Limited is registered as a company limited by guarantee and not having a share capital under the provisions of the *Australian Charities and Not-for-profits Commission Act 2012*. The Directors present the report on Villaggio Italiano Limited for the financial year ended 30 June 2020 and report as follows:

DIRECTORS

The names of and other information on the Directors in office during or since the end of the year are as follows. The Directors were in office for this entire period unless otherwise stated.

DIRECTOR'S NAME	CURRENT POSITION	DATE APPOINTED TO BOARD	LAST ELECTED
Mr Dominic DeMarco	Chairman	June 2004	2018
Mr Donald Giorgio	Treasurer	November 2010	2018
Mr Emilio Cataldo	Vice Chairman	November 2013	2019
Mr Sebastian Giorgi	Director	November 2013	2019
Mr Antonio Matruggio*	Vice Chairman	November 2011	-
Mr Gino DeAngelis	Director	November 2015	2019
Ms Lily Mutharajah**	Director	November 2019	2019
Mr Luciano Lombardo**	Director	November 2019	2019
Ms Lucio Krbavac**	Director	November 2019	2019
Ms Clara Lombardo**	Director	November 2019	2019
Ms Susan Lizardo**	Director	February 2020	-

* *resigned during the year*

** *appointed during the year*

PRINCIPAL ACTIVITIES

The principal activity of the company during the financial year was that of a charitable company engaged in the operations of an aged care facility and retirement village.

There were no significant changes in the nature of the activities during the year.

OBJECTIVES OF THE COMPANY

The short-term objectives of the company are to:

- Develop our care services for the people who use them
- Develop our organisational capacity
- Enhance the cultural diversity of residents and staff

The long-term objectives of the company are to:

- Operate non-profit, culturally diverse aged care facilities providing services for ageing persons with a variety of needs. Villaggio will cater for residents from diverse cultural backgrounds and will respect each resident's spiritual or religious beliefs
- Provide, purchase, build, and/or establish suitable accommodation at various places for the maintenance and welfare of eligible aged persons, and persons of similar needs
- Provide in-home and other community-based care to eligible ageing persons, and persons of similar needs
- Advocate and care for each resident's well-being, having regard to their physical, mental, emotional and spiritual needs
- Maintain adequate and appropriately qualified staff and volunteers to enable to achievement of the primary objectives and vision of Villaggio, through sound people management practices and appropriate facilities
- Noting that Villaggio was established by members of the Italian community for the benefit of aged citizens of Italian descent, we will maintain links with the Italian community by retaining an Italian flavour and traditions, while still operating within a culturally diverse environment
- Adopt the principles of social justice, namely: human dignity, the common good and solidarity, and maintain our traditional links with the Catholic Church

ABN 94 008 553 393

FINANCIAL REPORT - 30 JUNE 2020

DIRECTORS' REPORT

OBJECTIVES OF THE COMPANY (continued)

The company has adopted the following strategies to achieve its objectives:

- The encouragement of a culture of continuous improvement that is monitored by the Directors and executive management.
- A refinement of key performance indicators to ensure the maintenance of high-quality care and financial accountabilities.
- Regular monitoring of actual performance to budget expectations.

EVENTS OCCURRING AFTER BALANCE DATE

Subsequent to the end of the financial year there have been considerable economic impacts in Australia and globally arising from the outbreak of the COVID-19 virus, and Government actions to reduce the spread of the virus.

At the date of signing the financial statements the Directors are unable to determine what financial effects the outbreak of the virus could have on the company in the coming financial period.

The Directors acknowledge their responsibility to continuously monitor the situation and evaluate this impact including its ability to pay its debts as and when they become due and payable.

There have been no other material events subsequent to balance date.

MEETINGS OF DIRECTORS

The number of meetings each Director was eligible to attend and actually attended during the financial year is summarised as follows:

	Eligible	Attended
Dominic DeMarco	6	6
Donald Giorgio	6	5
Emilio Cataldo	6	6
Sebastian Giorgi	6	6
Gino DeAngelis	6	4
Antonio Matruggio*	3	1
Lily Mutharajah**	3	3
Luciano Lombardo**	3	1
Lucio Krbavac**	3	2
Clara Lombardo**	3	1
Susan Lizardo**	1	1

* *resigned during the year*

** *appointed during the year*

Signed in accordance with a resolution of the Board of Directors:

Dominic DeMarco
Chairman

Donald Giorgio
Treasurer

The accompanying notes form part of these financial statements

VILLAGGIO ITALIANO LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 30 JUNE 2020**Note 1 - Reporting entity**

The financial report includes the financial statements and notes of Villaggio Italiano Limited. Villaggio Italiano Limited is registered with the *Australian Charities and Not-for-profits Commission Act 2012* and is domiciled in Australia.

The financial statements were approved by the Board of Directors on 26 October 2020.

Note 2 - Basis of preparation***Statement of compliance***

Villaggio Italiano Limited adopted Australian Accounting Standards - Reduced Disclosure Requirements as set out in AASB 1053: *Application of Tiers of Australian Accounting Standards* and AASB 2010-2: *Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements*.

These financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and the *Australian Charities and Not-for-profits Commission Act 2012*. The company is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions.

Basis of measurement

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Comparatives

Where required by Accounting Standards comparative figures have been adjusted to conform to changes in presentation for the current financial year. Where the company has retrospectively applied an accounting policy, made a retrospective restatement or reclassified items in its financial statements, an additional statement of financial position as at the beginning of the earliest comparative period will be disclosed.

Critical accounting estimates and judgements

The Directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

Key estimates***Impairment***

The Directors assess impairment at the end of each reporting period by evaluation of conditions and events specific to the company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

Estimation of useful lives of assets

The estimation of the useful lives of assets has been based on historical experience as well as manufacturers' warranties (for plant and equipment) and turnover policies (for motor vehicles). In addition, the condition of the assets is assessed at least once per year and considered against the remaining useful life. Adjustments to useful lives are made when considered necessary.

VILLAGGIO ITALIANO LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 30 JUNE 2020**Note 2 - Basis of preparation (continued)*****Critical accounting estimates and judgements (continued)****Long service leave provision*

The liability for long service leave is recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of rates and pay increases through promotion and inflation have been taken into account.

Resident entry contributions

The amounts repayable to residents upon their exit from the company's retirement villas changes with time and movements in the value of the underlying property. The amounts that will be deducted from the original amount deposited by the resident are a function of time. The amount that may be added to the original amount deposited by the resident is a function of the movement in the underlying property value.

New and revised standards that are effective for these financial statements*AASB 15 Revenue from Contracts with Customers*

AASB 15 establishes a comprehensive five-step framework for recognising revenue. AASB 15 applies to all revenue arising from contracts with customers, unless those contracts are in the scope of other standards. Under AASB 15, revenue is recognised when a performance obligation has been satisfied at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The standard requires entities to exercise judgment, taking into consideration all the relevant facts and circumstances when applying each step of the model to contracts with their customers. The company applied the five-step model to its various revenue streams to assess the impacts of AASB 15.

The adoption of AASB 15 has not resulted in any changes to the company's recognition of revenue and accordingly has not materially impacted the company's financial statements.

AASB 16 Leases

AASB 16 removes the current operating and finance lease distinction for lessees and requires entities to recognise all material leases on the Statement of Financial Position. AASB 16 requires the recognition of a right-of-use asset and a corresponding lease liability at the commencement of all leases, except for short-term leases and leases of low value assets. The company has elected to apply the modified retrospective method of adoption. At the date of initial application, 1 July 2019, the company elected to measure the right-of-use asset as an amount equal to the lease liability, adjusted by the amount of any prior accrued lease payments relating to that lease recognised in the Statement of Financial Position immediately before the date of initial application.

The adoption of AASB 16 has resulted in:

- The recognition of right-of-use assets of \$1,080,669
- The recognition of lease liabilities of \$1,080,669

The difference between the operating lease commitments as at 30 June 2019 and the lease liability as at 1 July 2019 is due to the lease liability being discounted by the incremental borrowing rate, the effect of timing differences on entering into the lease agreements and the effect of short-term leases being excluded from the calculation of lease liabilities as at 1 July 2019.

New standards and interpretations not yet adopted

There are no other new accounting standards and interpretations expected to have any significant impact on the company's financial report that are issued and not yet applicable.

VILLAGGIO ITALIANO LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 30 JUNE 2020**Note 2 - Basis of preparation (continued)*****Presentation of Statement of Financial Position on a liquidity basis***

The Directors have taken the view that in complying with the requirements of AASBs, the treatment of refundable loans (accommodation bonds, refundable accommodation deposits and entry contributions) as current liabilities does not reflect the true liquidity of the company as these liabilities are not likely to be repaid in the next 12 months.

Accordingly, in the current year the Directors have chosen to present its statement of financial position under the liquidity presentation method (*AASB 101 Presentation of Financial Statements*) on the basis that it presents a more reliable and relevant view.

Note 3 - Significant accounting policies

The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Income tax

Villaggio Italiano Limited is a not-for-profit Charity & Public Benevolent Institution and is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

Revenue recognition

Amounts disclosed as revenue are net of returns, trade allowances and duties and taxes including goods and services tax (GST). Revenue is recognised for the major business activities as follows:

Resident fees, daily accommodation payments and recurrent government subsidies

Revenue from residents' fees, daily accommodation payments and related government subsidies are recognised on a proportional basis to take account of the delivery of service to or occupancy by residents.

Grants, donations and bequests

Income arising from the contribution of an asset (including cash) is recognised when the following conditions have been satisfied:

- (a) the company obtains control of the contribution or the right to receive the contribution;
- (b) it is probable that the economic benefits comprising the contribution will flow to the company; and
- (c) the amount of the contribution can be measured reliably at the fair value of the consideration received.

Interest

Revenue from interest is recognised on an accrual's basis.

Retentions from entry contributions and accommodation bonds

The retention income earned from resident entry contributions is recognised as revenue as the company becomes entitled to receive the retention under the terms of the resident agreement. The accommodation bond retention is recognised as revenue over the first five years of the resident's occupation of the facility.

Dividends and distributions

Dividend and distribution revenue is recognised when the right to receive the dividend payment is established.

Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

VILLAGGIO ITALIANO LIMITEDNOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020**Note 3 - Significant accounting policies (continued)*****Cash and cash equivalents***

Cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of twelve months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

Trade receivables

For all sources of recurrent income, trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts.

Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for impairment in relation to doubtful receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised in the statement of profit or loss and other comprehensive income.

Property, plant and equipment**Recognition and measurement**

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss and other comprehensive income.

Subsequent costs

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit or loss and other comprehensive income during the financial period in which they are incurred.

Carrying amount

The carrying amount of property, plant and equipment is reviewed annually by the Directors to ensure that it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets' employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Depreciation and amortisation

The depreciable amount of all property, plant and equipment including buildings, is depreciated on a straight line basis over the asset's useful life to the company commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Buildings	2.5%
Equipment & fittings	15% - 20%
Motor vehicles	20%

VILLAGGIO ITALIANO LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 30 JUNE 2020**Note 3 - Significant accounting policies (continued)*****Right-of-use assets***

At inception, a right-of-use asset and a lease liability is recognised. Right-of-use assets are included in the *Statement of Financial Position* within a classification relevant to the underlying asset.

Right-of-use assets are initially measured at cost, comprising of the following:

- the amount of the initial measurement of the lease liability
- Any lease payments made at or before the commencement date, less any lease incentives received
- Any initial direct costs incurred
- An estimate of costs to be incurred in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred either at the commencement date or as a consequence of having used the underlying asset during a particular period

Subsequently, right-of-use assets are measured using a cost model. The right-of-use asset is depreciated to the earlier of the useful life of the asset or the lease term using the straight-line method and is recognised in the statement of profit or loss and other comprehensive income in "Depreciation and amortisation".

The company tests for impairment where there is an indication that a right-of-use asset may be impaired. An assessment of whether there is an indication of possible impairment is done at each reporting date. Where the carrying amount of a right of use asset is greater than the estimated recoverable amount, it is written down immediately to its recoverable amount. The resulting impairment loss is recognised immediately in surplus or deficit, except where the decrease reverses a previously recognised revaluation increase for the same asset.

The resulting decrease is recognised in other comprehensive income to that extent and reduces the amount accumulated in equity under revaluation surplus, and future depreciation charges are adjusted in future periods to allocate the revised carrying amount, less its residual value, on a systematic basis over its remaining useful life.

Leases

The company leases its land on an arm's length basis from a third-party lessor. A lease is a contract, or part of a contract, that conveys the right to use an asset for a period of time in exchange for consideration.

At inception of a contract, it is assessed to determine whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. If the terms and conditions of a contract are changed, it is reassessed to once again determine if the contract is still, or now contains, a lease.

The term of a lease is determined as the non-cancellable period of the lease, together with the periods covered by an option to extend the lease where there is reasonable certainty that the option will be exercised, and periods covered by an option to terminate the lease if there is reasonable certainty that the option will not be exercised.

The assessment of the reasonable certainty of the exercising of options to extend the lease, or not exercising of options to terminate the lease, is reassessed upon the occurrence of either a significant event or a significant change in circumstances that is within the company's control and it affects the reasonable certainty assumptions. The assessment of the lease term is revised if there is a change in the non-cancellable lease period.

The company does not recognise leases that have a lease term of 12 months or less or are of low value as a right-of-use asset or lease liability. The lease payments associated with these leases are recognised as an expense in the statement of profit or loss and other comprehensive income on a straight-line basis over the lease term.

VILLAGGIO ITALIANO LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 30 JUNE 2020**Note 3 - Significant accounting policies (continued)*****Lease liability***

At the commencement date of the lease, the lease liability is initially recognised for the present value of non-cancellable lease payments discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate.

The tenor of a lease includes any renewal period where the lessee is reasonably certain that they will exercise the option to renew. The company has reviewed all its leases and included any extensions where the company assessed it is reasonably certain the lease agreement will be renewed.

The lease payment used in the calculation of the lease liabilities should include variable payments when they relate to an index or rate. Where leases contain variable lease, payments based on an index or rate at a future point in time, the company has used the incremental uplift contained in the lease or the respective Reserve Bank forward-looking CPI target for CPI-related increases.

In the absence of any floor or cap clauses in the lease agreements, the company measures the rent for the year under market review at an amount equal to the rent of the year preceding the market review increased by a fixed rate.

The lease liability is initially measured at the present value of the lease payments that are not yet paid at the commencement date. Lease payments are discounted using the relevant company's incremental borrowing rate. The incremental borrowing rate used for this calculation is dictated by the tenor of the lease and the location of the asset. The incremental borrowing rate is the rate the company would be charged on borrowings, provided by our banking partners. The weighted average incremental borrowing rate is 4%. The following lease payments being fixed payments, less any lease incentives receivable are included where they are not paid at the commencement date.

Subsequently, the lease liability is measured by:

- increasing the carrying amount to reflect interest on the lease liability
- reducing the carrying amount to reflect the lease payments made
- remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments

The unwind of the financial charge on the lease liabilities is recognised in the *Statement of Profit or Loss and Other Comprehensive Income* in "Finance costs" based on the company's incremental borrowing rate.

Intangible assets***Software***

Software has a finite useful life and is carried at cost less accumulated amortisation and impairment losses. Amortisation is calculated using the straight-line method to allocate the cost of the software over its estimated useful life of three years.

Impairment of assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are compared at the lowest levels for which there are separately identifiable cash flows (cash generating units).

Impairment losses are reversed when there is an indication that the impairment loss may no longer exist and there has been a change in the estimate used to determine the recoverable amount.

VILLAGGIO ITALIANO LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 30 JUNE 2020**Note 3 - Significant accounting policies (continued)*****Financial instruments*****Initial recognition and measurement**

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions to the instrument. For financial assets this is equivalent to the date that the company commits itself to either purchase or sell the asset. Financial instruments are initially measured at fair value plus transactions costs except where the instrument is classified “at fair value through profit or loss” in which case transaction costs are expensed to profit or loss immediately.

Trade receivables are initially measured at the transaction price if the trade receivables do not contain a significant financing component.

Classification and subsequent measurement***Financial assets***

Financial assets other than those designated and effective as hedging instruments are classified upon initial recognition into the following categories:

- amortised cost
- equity instruments at fair value through other comprehensive income (FVOCI)
- fair value through profit or loss (FVPL)

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance income or finance costs, except for impairment of trade receivables which are disclosed with other expenses.

Measurement is on the basis of two primary criteria:

- the contractual cash flow characteristics of the financial asset
- the business model for managing the financial asset

Financial assets at amortised cost

Financial assets are measured at amortised cost if the asset meets the following conditions (and are not designated as FVPL):

- the financial asset is managed solely to collect contractual cash flows
- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates

Equity instruments at fair value through other comprehensive income

Investments in equity instruments that are not held for trading are eligible for an irrevocable election at inception to be measured at fair value through other comprehensive income. Subsequent movements in fair value are recognised in other comprehensive income and are never reclassified to profit or loss. Dividend revenue received on underlying equity instruments investment will still be recognised in profit or loss unless the dividend clearly represents return of capital.

By default, all other financial assets that do not meet the measurement conditions of amortised cost and fair value through other comprehensive income are subsequently measured at fair value through profit or loss.

Financial assets at fair value through profit or loss

Financial assets that are held within a different business model other than to “hold and collect” or “hold to collect and sell” are categorised at fair value through profit or loss. The initial designation of financial instruments to measure at fair value through profit or loss is a one-time option on initial classification and is irrevocable until the financial asset is derecognised.

VILLAGGIO ITALIANO LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 30 JUNE 2020**Note 3 - Significant accounting policies (continued)*****Financial instruments (continued)******Impairment of financial assets***

The impairment requirements as applicable under AASB 9 use more forward-looking information to recognise expected credit losses. Expected credit losses are the probability-weighted estimate of credit losses over the expected life of a financial instrument. A credit loss is the difference between all contractual cash flows that are due, and all cash flows expected to be received, all discounted at the original effective interest rate of the financial instrument.

The Directors considers a broad range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument. In applying this approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk
- financial instruments that have deteriorated significantly in credit quality since initial recognition and the credit risk is not low
- financial assets that have objective evidence of impairment at reporting date

The loss allowance for the first category is measured as “12-month expected credit loss” and for the second category is measured as “lifetime expected credit losses”.

Trade and other payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period, which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability. The carrying amount of trade and other payables is deemed to reflect fair value.

Income received in advance

Income, other than government contract income, that is received before the service to which the payment relates has been provided is recorded as a liability until such time as the service has been provided, at which time it is recognised in the statement of profit or loss and other comprehensive income.

Employee benefits

Provision is made for the company’s liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may not satisfy vesting requirements. Those cash outflows are discounted using market yields on high quality corporate bonds with terms to maturity that match the expected timing of cash flows.

Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result, and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

VILLAGGIO ITALIANO LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 30 JUNE 2020**Note 3 - Significant accounting policies (continued)*****Resident entry contributions***

Resident entry contributions are received from residents of self-care villas and they are non-interest bearing and the net amount is repayable upon departure or transfer. Resident entry contributions are measured at the principle amount net of any retentions or any other amounts deducted from the loan at the election of the resident, plus the resident's share of the capital gains (if any) based on the market value of the underlying property at balance date.

Refundable accommodation deposits and resident accommodation bonds

Refundable accommodation deposits and resident accommodation bonds are non-interest-bearing deposits made by aged care facility residents to the company upon their admission. Refundable accommodation deposits are measured at their principal amount less any other amounts deducted from the deposit at the election of the resident. Accommodation bonds are measured at the principal amount net of any retentions or any other amounts deducted from the bond at the election of the resident.

Financial impacts of COVID-19 on financial assets

During and subsequent to the end of the financial year there have been considerable economic impacts in Australia and globally arising from the outbreak of the COVID-19 pandemic and government actions to reduce the spread of the virus. Where practicable, the financial impacts of COVID-19 to the company's financial assets have been separately identified and disclosed in the financial statements. For the current financial year the final four months of fair value losses have been estimated as attributable to COVID-19.

397,550	369,075
<u>397,550</u>	<u>369,075</u>

Note 20 - Contingent liabilities

At balance date the company is not aware of the existence of any contingent liability.

Note 21 - Limitation of members' liability

The company is incorporated as a company limited by guarantee. If the company is wound up, the Constitution states each member has no obligation in respect of the debts and liabilities of the company and the costs, charges and expenses of winding up the company.

VILLAGGIO ITALIANO LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 30 JUNE 2020**Note 22 - Events occurring after balance date**

Subsequent to the end of the financial year there have been considerable economic impacts in Australia and globally arising from the outbreak of the COVID-19 pandemic, and Government actions to reduce the spread of the virus.

At the date of signing the financial statements the Directors are unable to determine what financial effects the outbreak of the virus could have on the company in the coming financial period.

The Directors acknowledge their responsibility to continuously monitor the situation and evaluate this impact including the ability to pay the debts as and when they become due and payable.

There have not been any significant events subsequent to the reporting date.

Note 23 - Economic dependency

The Directors consider that the company is economically dependent on revenue received from the Commonwealth Government Department of Health with respect to its residential aged care facilities and community care programs. The Directors believe that this revenue will continue to be made available to the company for the foreseeable future.

VILLAGGIO ITALIANO LIMITED

FINANCIAL REPORT - 30 JUNE 2020

DIRECTORS' REPORT

The Directors of the Villaggio Italiano Limited declare that:

1. The financial statements, which comprises the statement of financial position as at 30 June 2020, and the statement of profit or loss and other comprehensive income, statement of changes in funds and statement of cash flows for the year ended on that date, a summary of significant accounting policies and other explanatory notes are in accordance with the *Australian Charities and Not-for-profits Commission Act 2012* and:
 - (a) comply with Australian Accounting Standards - Reduced Disclosure Requirements (including Australian Accounting Interpretations) and the *Australian Charities and Not-for-profits Commission Regulation 2013*; and
 - (b) give a true and fair view of the financial position as at 30 June 2020 and of the performance for the year ended on that date of the company.
2. In the opinion of the Directors there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Board of Directors:

Dominic DeMarco
Chairman

Donald Giorgio
Treasurer

VILLAGGIO ITALIANO LIMITED

ABN 94 008 553 393

FINANCIAL REPORT - 30 JUNE 2020

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
VILLAGGIO ITALIANO LIMITED

Opinion

We have audited the financial report of Villaggio Italiano Limited which comprises the statement of financial position as at 30 June 2020, the statement of profit or loss and other comprehensive income, the statement of changes in funds and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the Directors' Declaration.

In our opinion, the accompanying financial report of Villaggio Italiano Limited is in accordance with the *Australian Charities and Not-for-profits Commission Act 2012*, including:

- a) giving a true and fair view of the company's financial position as at 30 June 2020 and of its financial performance for the year then ended, and
- b) complying with Australian Accounting Standards - Reduced Disclosure Requirements and the *Australian Charities and Not-for-profits Commission Regulation 2013*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibility for the Audit of the Financial Report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Australian Charities and Not-for-profits Commission Act 2012* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Australian Charities and Not-for-profits Commission Act 2012*, which has been given to the Directors of the company, would be in the same terms if given to the Directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Directors' Responsibility for the Financial Report

The Directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and the *Australian Charities and Not-for-profits Commission Act 2012* and for such internal control as the Directors determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the company's financial reporting process.

VILLAGGIO ITALIANO LIMITED

FINANCIAL REPORT - 30 JUNE 2020

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
VILLAGGIO ITALIANO LIMITED

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at *The Auditing and Assurance Standards Board* and the website address is <http://www.auasb.gov.au/Home.aspx>

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
